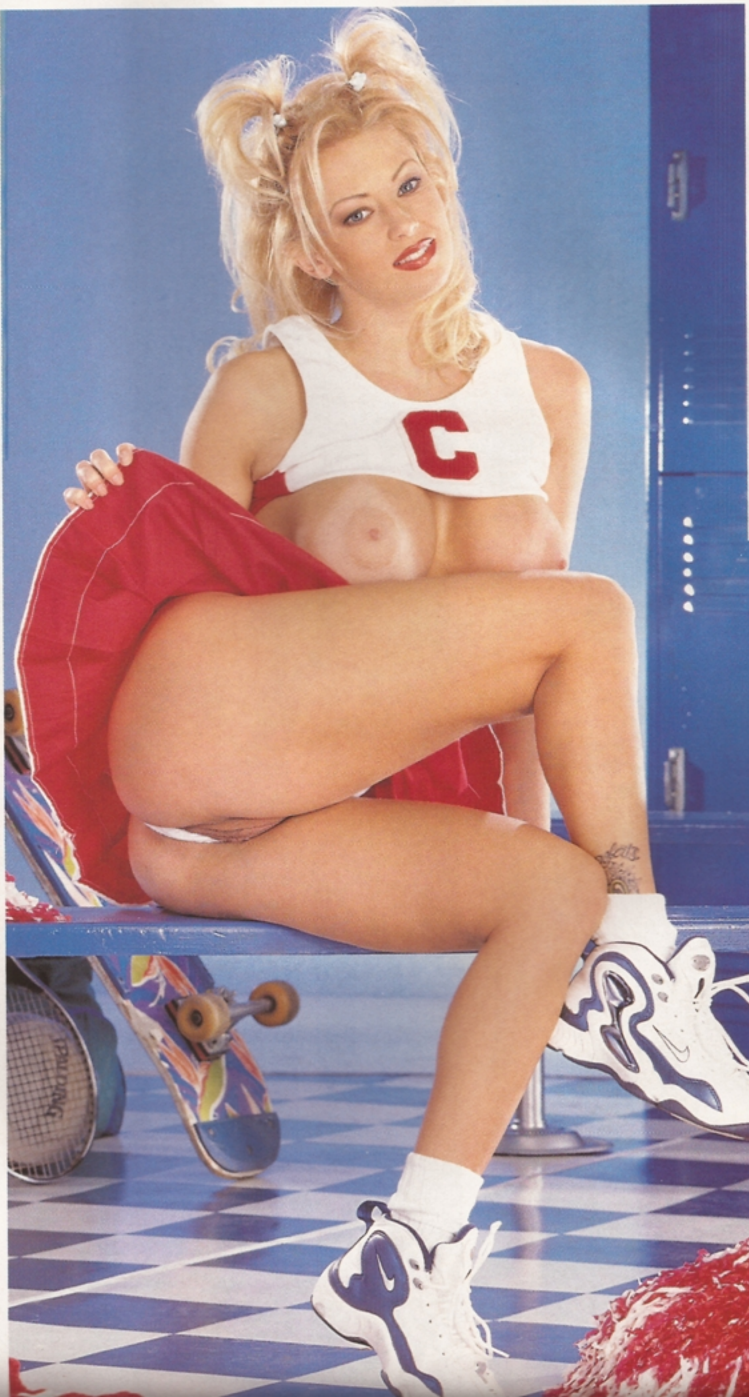
VERONICA



Welcome back, Jenna, and ra, ra, ra!
Are you gonna start doing jokes about my pom-poms?

Absolutely! We're going to say how much we'd like to have your pair in our hands and how we'd like to shake them around a bit.
Hmm… sounds good. I like it rough.

You make a fine cheerleader. Got any previous experience?
I made the team in high school but they kicked me out because I never showed up for training. I was always too busy fucking the wide receiver!

SUMMER LOVIN'

Those boys of yours ain't so hot, you know. It's all padding in American Football.

Says who? Ever had your hand down the shorts of a football player?

No, thank goodness.

Well there ain't any padding down in that department, believe me. The guys who play football are usually BIG guys, if you get my meaning. Yeah, studs all of 'em.

Really? We'd like to see some studs – right in their faces!

Ooh! Getting jealous, guys?

We had a list of questions we wanted to ask you, Mandy, but we've lost them.
Were they saucy?

Utterly. Very filthy, and not the sort of questions a nice girl like you should be asked.
Careful, I've got a reputation to keep up! Who says I'm a nice girl?

We do. You look like an angel.
Looks can be deceiving, and anyway, you should never judge a book by its cover. Out of my group of friends I'm probably the dirtiest girl going.

Sorry, don't believe you.
I am! Alright, how can I prove it to you? What have I got to do?

Tell us your favourite position?
Is that the best you can come up with? That's hardly a dirty question, is it? Oh well, for the record I like to be on top.

And who's your ideal man?
At the moment I don't really have one. I'm not the typical gal who plumps for Brad Pitt or George Clooney, although I do go for hunky types. Daredevils are really attractive to me, the stuntmen you see on those stunt programs – they always get me going, and I rarely know who they are.

Crikey! Any chance of getting in on the act?

That all depends on whether you measure up. The blokes I work with are pretty big in the cock department.

Ah. Erm. How big is big?

Eight or nine inches will just about get you in.

...doh!

You boys, honestly. All mouth and no trousers.

Well hello, Veronica, is that a smile we see?
I told you I'd smile eventually. It took a while, but I can flash my pearly whites as easily as I can flash my private parts these days.

So what was it that finally got you smiling?
I think the PVC worked in the end. There's no way you can put on something this tight and sexy without smiling.

We should try it on our Sub-Editor, because he's a right miserable cunt.
I'm sure I could cheer him up, and that goes for any man. That's what doctors should dish out to people who feel down – naked women! The world would be one big smile!

You've set a whole new fashion trend in that gear.
It's a lot better than what you see a lot of models parading around in on the catwalks. You can't go out in it though.

LOVE

Says who? It's surely the ultimate pulling gear!
And the coldest this time of year! It works best indoors – especially in the bedroom. Very sexy.

Is this the voice of experience talking?
I did get to keep it after the shoot, and I couldn't resist trying it out for myself. It's odd because PVC takes ages to get into, but when you get as frisky as I do it comes off in seconds!

So you think it looks best on the bedroom floor?
All clothes look best on the bedroom floor, no matter how corny that may sound! [Laughs] See, you've set me off now. I can't stop smiling!

What's all this about an unknown profession?
I know, I'm sorry. The thing is, if my boss found out I was posing nude for a magazine I think he'd give me the sack.

Hang on, won't he recognise you anyway?
Well he's sort of anti-porn, so fingers crossed he won't be reading. Besides I don't look like this at work, so I think I can get away with it.

He sounds like a twat to us.
He is, but he pays good money and me and this other bloke at work are having a bit of a fling at the moment.

So that's why you enjoy your job – you're getting laid!
It's bad isn't it? I just can't help myself when it comes to sex. I just grab the nearest man I can find and fuck him, whether it's at work, rest or play.

This is our idea of heaven, Kelly. Sitting by the side of a pool, the sun blazing down and you without any clothes.
Is that all? What about drinks and nibbles?

We'd get our teeth around something.
I'm sure, and I bet you would be willing to rub sun lotion on my back as well.

Yep, and we're great at breaststroke too.
Sounds like an invitation I can't miss.

You're probably the best thing to ever come out of Taunton, Gabi.
Hey, easy on my home town. I'm proud of where I come from.

Were you born in Taunton then?
Ah. Well… no. I was born in Leeds and my parents are Swedish! But it's still my home town.

Do you spend much time there?
Come to think of it, no not really. I've slept with several of the blokes there, does that count?

So wherever you get laid…
… that's my home!

Ever wanted to go back to your roots and see what Sweden offers?
I've been there several times, but it's really rather dull. Beautiful sights, though.

No wonder, if they all look like you!
Actually Swedish girls really go for British men.

Really?
And American, Japanese, Dutch, Australian…
